

# CAPTAIN Toilet roll holder with wet wipe dispenser and inner shelf

The CAPTAIN toilet roll holder family shares the same functions in different sizes, so they fit any kind of bathroom. The holder is fixed parallel to the wall by the firm and sleek metal part, and the support bar stretching in the middle supports the effortless use of the paper roll. The toilet roll itself runs beneath the delicate curve of the plywood body. The flat surface allows for keeping ornaments, tissues or aromatzers on the top, which serves also as a little shelf. The horizontally extended version consists of a built-in wet wipe dispenser which discretely covers the package. The holders can be tailored according to your taste - the metal parts are available in white and black, and the wooden surface in American walnut, European oak, and painted oak.
