PLYDESIGN

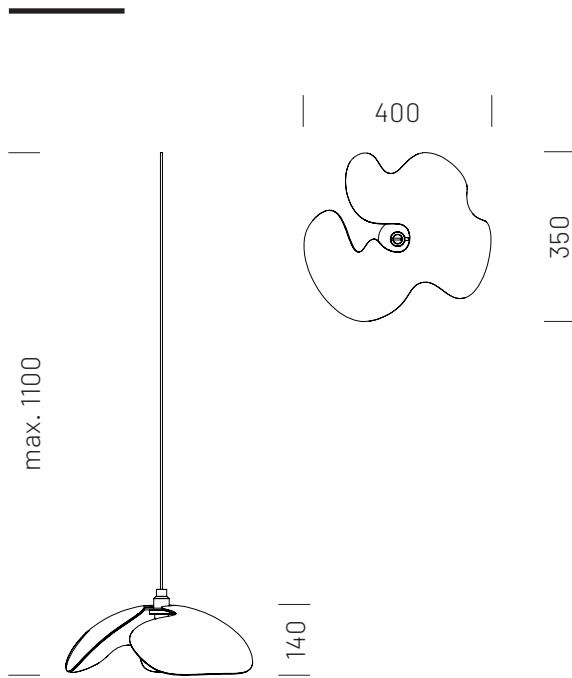

The FLESUS lamp combines the beauty of calligraphic art with modern design innovation. The lamp's design results from a creative and meditative process, producing organic, amoeba-like shapes. These biomorphic figures embrace the luminaire in a hemispherical form, creating a unique visual experience. The FLESUS lamp entails Plydesign's expertise and the experiment of veneer technology to create a unique and highly aesthetic luminaire. This lamp is not just a light source but a true work of art that creates a unique atmosphere in any space.

Dimensions:

400 x 350 x 140 mm (L x W x H)

Maximum hanging length: 1100 mm

Weight: 1 kg

Modul Flux Direct: 470 lm  
Color Temperature: 2700K  
Color Rendering Index: CRI>80  
System Power: 4 W  
Power Supply: 230 V, 50 Hz

OPTICAL SYSTEM

Lifetime: 20000 hours (L-50)  
Light source: Ledvance LED bulb  
Guarantee: 3 years

STRUCTURE

Protection: IP20  
Socket: E14

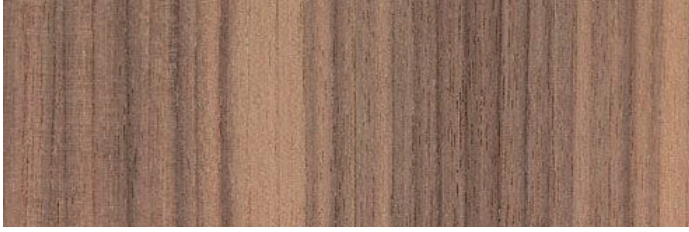

OPTIONS

Wifi Smart+ can be controlled from the phone  
RGB + W  
Compatible with smart home technology: Amazon  
Alexa / Google Assistant
