Wall-mounted kitchen roll holder

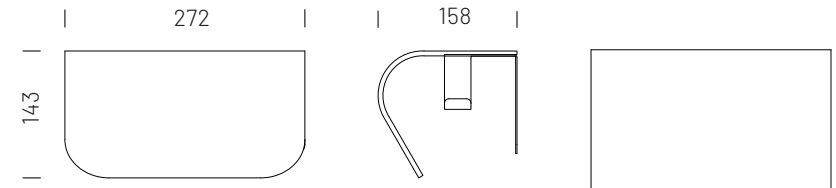

The PILOT kitchen roll holder can be easily mounted on the wall where we need it the most. The roll runs beneath the soft lines of the plywood body, saving it from any spillage. The support bar stretches in the middle, allowing the paper roll's effortless use. Depending on your preferences, we offer a wide range of colours embracing the warmth of the American walnut, European oak or the playful tones of claret, blue, green and peach. The metal parts are available in black and white.
