

# FRIGATE Stacking chair

The FRIGATE models offer a high level of comfort and ergonomic quality. The three –dimensional backrest provides ideal support, while all the edges point away from the occupant's body to not cut into it. The chair is available with tubular metal frame legs for efficient stacking and furnishing both domestic and contract environments. FRIGATE chairs are stackable up to 20 pieces – for that purpose, a trolley with a handle is available to move them quickly.
